

## MRS. LULA VANN FULTON, ARK.

**Suggests to Suffering Women the Road to Health**

Fulton, Arkansas.—"I used Lydia E. Pinkham's Vegetable Compound for a soreness in my side. I would suffer so badly every month from my waist down that I could not be on my feet half the time. I was not able to do my work without help. I saw your Vegetable Compound advertised in a newspaper and gave it a fair trial. Now I am able to do my work and don't even have a backache every month. I cannot praise your Vegetable Compound enough and highly recommend it to those who have troubles like mine. I am willing for these facts to be used as a testimonial to lead all who suffer with female troubles, as I did, to the right road to health."—Mrs. LULA VANN, Box 43, Fulton, Arkansas.

It is this sort of praise of Lydia E. Pinkham's Vegetable Compound, given by word of mouth and by letter, one woman to another, that should cause you to consider taking this well-known medicine, if you are troubled with such symptoms as painful periods, weak, nervous feelings, miserable pains in your back, and cannot work at certain times.

Here is a woman who is so grateful and glad to be relieved from a painful and nerve racking physical condition that she wishes to tell all sick women.

### MILLERSBURG MILITARY INSTITUTE OPENS SEPT. 14.

The Millersburg Military Institute will open on September 15 for its thirtieth annual session. The enrollment has been increased over that of last year, and everything is being made ready to take care of all boarding cadets.

Col. W. R. Nelson will be in charge of the Department of Mathematics. Capt. Cecil Gray will continue head of the Department of Modern Languages. The vacancy in the English Department, due to the resignation of Capt. Allen Ragen, is to be filled by Capt. J. Ward Rees, a graduate of Kentucky Wesleyan College. Capt. Zach Collins, a graduate of Mercer College, will have charge of the Latin and History Departments. Rev. W. W. Morton will continue to teach the Bible in the Institute.

The athletic outlook is very promising at this time of the year. Capt. Ward Rees will coach all the teams. With some of the old men back in uniform and a wealth of good material just entering school, a strong football team will represent M. M. I. this season.

### NEW DEPARTMENTS IN THE PARIS SCHOOLS

The Commercial Department of the Paris High School ranks with the best business colleges in the State. Students graduating from this department are able to do business office work of a high order, and are giving satisfaction wherever placed. The business men of Paris are employing the business graduates of the High School, and are helping the department to grow.

It will be the object of the school this year to train enough young people to supply the entire demand of Paris business houses. Paris has proved that her boys and girls can get their business training at home without any cost. Evening classes will be conducted again this year in all commercial courses. These courses were very popular last year, and will be very much attended this year. The evening courses are open to Paris people free. If you are interested in any line of commercial work, come to Paris High, we will help you to get good training and a good position.

The Paris City Schools will present a great variety of extension courses this year, open to any one. Professors from the University of Kentucky will give the work. These courses all have residence University credit, and many Bourbon county teachers are working out their degrees in this way. The lecture hours will be arranged to suit the teachers of Bourbon county. If you are interested in any particular course, send the name of the course to the Paris High School, and the course will be planned.

The Paris City Schools are planning to get an early start on the Bible study contest this year. It will be remembered that girls from the Paris High School won the silver cup for having the best Bible student in the State last year, and they are planning to repeat it this term. The boys won second place and will be out for first honors this year. The same plan of organization will be carried out this year as we had last year.

### MAIL BOXES NECESSARY FOR FREE DELIVERY

Carrier delivery service will not be extended to new dwellings not equipped with mail receptacles, according to information recently received by Postmaster J. Walter Payne from First Assistant Postmaster General John H. Bartlett.

When a patron changes his residence, the order stated, he will be required to provide a mail receptacle at his new address before being accorded delivery service.

More than seventy-five per cent. of the residences and business houses of Paris are already equipped with mail boxes. Postmaster Payne said, but if all persons who receive mail will provide suitable receptacles, it would save the carriers time and will hasten deliveries. The absence of mail receptacles, Mrs. Payne said, not only tends to inconvenience the patrons, but undoubtedly results in inferior service through delaying the carrier on his route.
